Installing Cape Pack

System Requirements

Cape Pack runs on Microsoft Windows Vista, 7, 8 or 10. To install this program in any NT-based system, you must have ADMINISTRATIVE PRIVILEGES/RIGHTS.

To run the program, you will need the following:

Computer set up	Windows operating systems	
Windows Client	When running Cape Pack on a single PC you must run with Microsoft Windows 7 (32/64 bit) Windows 8 (32/64 bit), Windows 10 (32/64 bit), or Vista (32/64 bit).	
Web Browser	he web application component of Cape Pack 16 requires an up to date version of one of the following rowsers (minimum version in brackets): Firefox (40+), Chrome (42+), Internet Explorer (11+), Safari (8+). 'ou may need to enable WebGL in your browser. See http://superuser.com/questions/836832/how-can-i-nable-webgl-in-my-browser	
Internet	A broadband internet connection is required. The Cape Pack web application cannot be used offline.	
Graphics	Cape Pack uses a 3D technology called WebGL to allow 3D graphics to be displayed in your browser. For this to work you need a recent 3D graphics card (look for confirmation that your card supports WebGL) and you may also need to explicitly enable WebGL in your browser. It is also important that you update the drivers for your graphics card to the latest version.	
	In some case your GPU may be blacklisted by your browser. Please refer to https://www.khronos.org/webgl/wiki/BlacklistsAndWhitelists for more information. 3D viewing may not work correctly on virtual machines due to the use of GPU emulation. For best results, ensure the VM emulates a non black listed GPU if possible.	
Printers	Cape Pack prints through Windows.	
RAM	Cape Pack requires that your computer has at least 1 Gbyte of RAM.	
Hard Disk	Cape Pack will occupy approximately 600 Mbytes of space on your hard disk for program storage. Additional space will be needed as you add data files and save Solution/Graphics files.	

Installing the Program

You can download the program from mysoftware.com Double click on the downloaded file.

Select Install Software and you will see the following screen.

Click on Next. and you will see the End User License Agreement.
