

# What's New in Dynamic Content 22.03?

Susie Stitzel

Director of Product Management – Design & 3D Solutions

March 28, 2022

# Current system support

macOS Monterey

Adobe® Creative Cloud™

macOS	10.14 (Mojave), 10.15 (Catalina), 11 (Big Sur), 12 (Monterey)
Windows	Windows 10, Windows 11
Adobe® Illustrator®	Illustrator 2020, 2021, 2022

# Dynamic Barcodes: Aztec

- Uses less space than other matrix barcodes as it does not require a blank “quiet zone”
- Good for use on cell phones and other mobile devices
- Barcode Recognition has been updated to read Aztec barcodes

Dynamic Barcodes

Barcode Type: Aztec

Rotation: 0°

Code: <http://www.esko.com>

Additional parameters

# Dynamic Content: barcode parameters from XML

- In previous releases, only the barcode type and value could be driven from an XML file
  - Other parameters require manual specification by the designer
- Now possible to specify most parameters via XML

# Other Minor Enhancements

- Dynamic Content:
  - Now allows linking elements from multiple XML sources to a single text frame
  
- Dynamic Barcodes: New GS1 Application Identifier 715

Thank you!
